

Dr. Priti Shokeen

Senior Associate, MSCI ESG Research

Priti is a Toronto-based Senior Associate with MSCI ESG Research focused on the transportation industry and Canadian companies. Prior to joining MSCI, she managed consulting projects and research for the extractive sector at Innovest Strategic Value Advisors. Priti has worked for the Federation of Indian Chambers of Commerce in Delhi, India and the International Labor Organization in Geneva, Switzerland. She also has experience auditing working conditions in India's garment factories and, as part of her team's advocacy projects, worked on ground to create HIV/AIDS prevention and treatment awareness among target groups.

Priti has a Doctorate in Accounting and Finance from Kingston Business School, UK. Her thesis focused on integration of responsible investment among Canadian pension funds. She has published reports on comparative study of UK and Canadian pension fund transparency regulations and practices(National Roundtable for the Economy and Environment, Government of Canada), Human Capital based Investment Criteria (EU Lisbon Strategy Project, FEEM, Milan), and Potential of Responsible Investing in Asian Pension Systems(University of Toronto, Canada).
