

Carleton's MAESD Key Performance Indicators (KPI) – 2016/17

The Ministry of Advanced Education and Skills Development (MAESD) has identified four Key Performance Indicators (KPIs) for Ontario Universities: Graduation, Employment (6 months and 2 years after graduation), and the OSAP Default rates.

Graduation Rate

The graduation rate used for 2016/17 is based on the cohort of students who entered in the fall of 2007 as new, full-time, undergraduate first-year students. For Carleton, this graduation rate was 68.7%.

Employment Rates

MAESD annually commission the Ontario Graduate Survey in order to estimate employment rates of university graduates. For the survey of 2013 Graduates, 1,680 Carleton graduates responded for a response rate of 44%.

Two years after graduating, 92.1% of Carleton graduates were employed, and 85.7% were employed after six months.

Details of Carleton graduation and employment rates by MAESD categorized programs are available [below](#):

Student Loan Default Rate.

This calculation is based on the proportion of students who received an OSAP/COISL loan in 2012/13 (and did not receive funding in 2013/14), and who defaulted on their repayment obligations as of July 2015. The student loan default rate for Carleton was calculated as 5.7%.

For more information on MAESD university key performance indicators go to: <http://www.iaccess.gov.on.ca/OSAPRatesWeb/en/index.html>

Update for 2016/17 is expected in the spring of 2017.

Carleton's 2016/17 MAESD Key Performance Indicators by Program

Program	Graduation Rate	Employment Rates	
	Within 7 years	6 months	2 years
Architecture ***	93%	96%	96%
Business & Commerce **	78%	87%	98%
Engineering **	76%	80%	92%
Fine & Applied Arts ***	55%	85%	86%
Journalism ***	75%	97%	95%
Social Sciences *	67%	86%	91%
Humanities *	62%	97%	92%
Other Arts & Science **	74%	81%	94%
Agriculture & Biological Science ***	67%	85%	90%
Computer Science **	49%	88%	88%
Mathematics ***	59%	94%	100%
Physical Sciences ***	77%	71%	76%
Total	69%	85%	92%

Please interpret employment rates with caution due error rates

* error rate is < 5%

** error rate is between 5% - 9%

*** error rate is 10% or higher

Notes:

Graduation Rates based on Fall 2007 new first-year, full-time undergraduate students.

Employment Rates based on the Carleton results from the Ontario Graduate Survey of 2013 graduates. This survey had a response rate of roughly 44%. Overall, the error rate for Carleton's total employment rates are estimated to be 1.8% (19 times out of 20). At the program level, the error rates can be much higher, especially where the programs are small or response rate is low.
