## Welcome to EU Learning, a website hosted by the Centre for European Studies at Carleton University

Every year, EU Learning organizes the annual **Teachers' Workshop** for high school teachers. For information, please contact [eulearning@carleton.ca](mailto:eulearning@carleton.ca).

This website serves as a learning tool for students, providing information and resources on topics relating to Canada and the European Union. Designed with the Ontario secondary school curriculum in mind, this website complements students' learning by focusing on subject matter that is linked to, but extends beyond, what is covered in the classroom. It also provides valuable resources and suggested discussion topics, topics for Independent Study Units (ISUs) and extra classroom activities. For an overview of the site and its contents, please visit the **Introduction** section.
