# How to Succeed in Criminology/University

## Part II

## Transitioning to Carleton

### High School

Mandatory

Free (usually)

Schedule is arranged for you

Participation in extracurricular activities requires permission

Your actions are monitored and corrected

### University

Voluntary

You pay for it

You arrange your own schedule

Participation in extracurricular activities by choice

You are responsible for your own choices

# The First Month...

- ▶ **Read your Course Outlines carefully.** It's a 'contract' between you and the instructor. Find them on department websites or cuLearn.
- ▶ **Textbooks & Reading Lists** - Check your course outlines. Not all available at the campus bookstore!
- ▶ **Go to class!** Most instructors will impart supplemental material in their lectures that is not in the text book. **Signal Words** in lectures will also help you focus on the most important topics and guide your studying for midterms and exams.
- ▶ **Keep up with readings each week** - make sure to set time aside in your busy schedule for this. 1 hour spent in class = 2 hours of work outside class

# The First Month...

- ▶ **Take notes**, preferably by hand. Note-taking is important because it gets you involved in the lecture. It actually forces you to pay attention. Becoming a good note-taker takes practice. **Search “Lecture Note Taking” for tips.**
- ▶ **Professors** are available to answer questions during office hours, will not remind you of incomplete work, and may not take attendance but may notice if you attend or not.
- ▶ **Time Management:**
  - ▶ Be Organized
  - ▶ Use an agenda
  - ▶ Hand in assignments on time - late assignments can cost you a full letter grade!

# The First Month...

## ▶ Academic Integrity Policy

▶ “A commitment even in the face of adversity to five fundamental values: honesty, trust, fairness, respect, and responsibility.”

▶ Violations 

▶ Sanctions:

- ▶ grade of zero
- ▶ resubmission
- ▶ course failure
- ▶ letter of reprimand
- ▶ suspension from program
- ▶ etc.

### Plagiarism

- Submitting work written whole or in part by someone else
- Failing to acknowledge sources through the use of proper citations when using another's work

### Test and Exam Rules

- Attempting to read another student's exam papers
- Speaking to another student (even if subject matter is irrelevant to text)
- Using material not authorized by the examiner

### Other Violations

- Improper access to confidential information such as exams or test questions
- Disruption of classroom activities or periods of instruction
- Misrepresentation of facts for any academic purpose

# The First Month...

## ▶ Professionalism/Etiquette:

- ▶ First impressions really matter. Conduct yourself professionally to make your best impression. Start these best practices early.
  - ▶ Use only your *Carleton email* to contact the university.
  - ▶ ***ALWAYS include your student number and sign your full name.***
  - ▶ Address and sign your emails professionally. Email is not a text message!
  - ▶ Mind your manners (use please/thank you) and watch your tone. Be respectful, not demanding.
  - ▶ Avoid abbreviations, proof read for spelling and grammar, don't use CAPS (it is perceived as yelling).
- ▶ **Stay Connected** with the latest news and events at:

## HONOURS VS GENERAL

### ▶ Honours: 20.0 credits - 4 years

*Based on doing 5.0 credits each year*

- ▶ More content & higher level content - *4<sup>th</sup> year seminars, extra research methods requirements.*
- ▶ Higher grades.
- ▶ Good for careers requiring research/analysis.

### ▶ General: 15.0 credits - 3 years

*Based on doing 5.0 credits each year*

- ▶ Finish faster.
- ▶ Can't continue to graduate level university programs (MA's).
- ▶ Good for careers in front line positions working with people.

- Currently only admit directly to Honours (except for special articulation agreement for some Algonquin College transfer students)
- Students admitted to Honours can switch to the BA General after first year if required/desired.

# Criminology & Criminal Justice Program

- ▶ Year standing is based on the number of credits completed (*not which ones*) and not on the calendar length of time.
- ▶ Year standing WILL affect your registration:
  - ▶ First Year Standing 0 – 3.5 credits
  - ▶ Second Year Standing 4.0 – 8.5 credits
  - ▶ Third Year Standing 9.0 – 13.5 credits

# Importance of Your Academic Audit

- ▶ Your “road map” for your program: shows your program requirements, what you have completed, what you still need, your grades, and your CGPAs
- ▶ Access it in Carleton Central - MyAudit
- ▶ How to read it: <http://carleton.ca/academicadvising/your-academic-audit/how-to-read-your-audit/>
- ▶ This is the best document to use to determine what courses that you need to take. Check it regularly! Especially each time you register to make sure things are counting as you expected!
- ▶ Seek Academic Advising from our office at **least once a year** to make sure you are on track.

# Transfer Students

- ▶ Transferred courses do not have a grade associated with them, only a “TR” designation for transfer is shown on the audit.
- ▶ Transfer credits contribute to the “Program Credits Completed”, but not to the calculation of the CGPAs.
- ▶ Transfer credits may be evaluated as a generic credit (e.g. 1XXX) or as an exact equivalent to a Carleton course (e.g. 1001).
- ▶ **Check your audit** or contact the office to make sure your registration is not conflicting with your transfer credits.
- ▶ New transfer students come in with **advanced/upper year standing** so require higher CGPAs than new students coming from high school.
- ▶ Join the **Carleton University Transfer Student Group** on Facebook.

# Support Services

**There are MANY services on campus for various issues you might experience this year, you just have to seek them out.**
