

Your darkest hour is earth's brightest.

Join us in turning off the lights for one hour on Saturday, March 29 from 8:30-9:30 PM. Together, we can make a big difference to promote a sustainable future and keep the Earth an amazing place.

Join the global community and help make a difference at earthhour.org.

Honeywell

Printed on recycled paper containing 10% post-consumer waste. 

With more than 50% of its products linked to energy efficiency, Honeywell can help the world face its energy challenges.
