**COURSE DESCRIPTION**

Origins and scope of the concept of person in law and how concepts of legal personality change over time. Origins and scope of the concept of property and how concepts of property change over time.

This course examines some of the ways in which law regulates relationships among legal persons. We will look at the manner in which concepts of personhood and property are created and protected in law, and also how such concepts may be challenged and can change over time. The manner in which legal categories and concepts embody particular visions of social life will be emphasized. The course will also emphasize the role played by the state in the ordering of private law relations. You should learn about how law works, the impact of law and why particular rules exist.
