COURSE DESCRIPTION

This course provides an in-depth examination of the *Youth Criminal Justice Act (YCJA)*. It examines substantive criminal law and procedure as it pertains to young people between 12 and 17 years of age who become involved with the criminal justice system. It will also review the special rights afforded a young person under the *YCJA*.

The roles of parents, judges, lawyers and the police will also form part of the discussions. The course will also highlight proposed changes to the Act and discuss relevant court decisions. The role of restorative justice in dealing with young people involved in the criminal justice system will also be explored.

The course will further examine the reasoning and philosophy behind the creation of a separate legislation dealing specifically with young persons before the criminal justice system. The course will also take a historical perspective of the treatment of young offenders in the Canadian criminal justice system and examine the underlining societal values that have shaped and modified the legislation dealing with youth who have committed criminal offences.
