

**CONSUMING PASSIONS: THE REGULATION OF
CONSUMPTION, APPEARANCE AND SEXUALITY**

Alan Hunt

SEMINAR PROGRAM:

The readings below are divided into two categories, primary and secondary readings (separated by a line); all class participants will read the primary reading(s) for each class and will be assigned one secondary reading. Should you miss a class it is your responsibility to find out what readings you have been assigned for the following week. Participants will be expected to be able to make a brief introduction and answer questions about the assigned readings.

Please note that it will not be possible to cover all the topics listed below. The class will decide (democratically) which of the topics in the second half of the programme will be omitted.

In order to locate readings please note: all books, identified by their Call Number, are in the Reserve Collection of the McOdrum Library. Items marked [C] are photocopies also placed in the Reserve Collection of the McOdrum Library. Note that where a reading is a chapter in an edited collection, this should be searched for and requested under the name of the editor(s) or the book title. Please note that Reserve items will not necessarily be listed under SOCI 5204 / LAWS 5008 (they may also be on reserve for another course); searching by Call Number is recommended.

An extremely useful collection of relevant texts is provided by:
