DUE NORTH: Next Generation Arctic Research & Leadership

11th Annual Student Conference

NOVEMBER 5 – 8, 2015

Association of Canadian Universities for Northern Studies
Arctic Institute of North America & University of Calgary

The next generation of northern scholars and leaders are invited to participate in ACUNS 2015, the 11th Annual Student Conference hosted by the Arctic Institute of North America and the University of Calgary. This interdisciplinary conference is a gathering of early career scholars working on all topics related to the circumpolar north.

The conference is a student led initiative and we are looking for students with northern interests to help with conference planning. Through the organizing experience students also have an opportunity to develop professional experience, forge links with government and community stakeholders, and make national and international connections.

If you are interested in joining the planning committee please contact us.
