

## Carleton's MCU Key Performance Indicators (KPI) – 2020/21

The Ministry of Colleges and Universities has identified three Key Performance Indicators (KPIs) for Ontario Universities: the 7-year Graduation Rate, Employment Rates of Undergraduates (6 months and 2 years after graduation).

### Graduation Rate

The graduation rate used for 2020/21 is based on the cohort of students who entered in the fall of 2013 as new, full-time, undergraduate first-year students. For Carleton, this graduation rate was 68.7%.

### Employment Rates

MCU annually commissions the Ontario Graduate Survey in order to estimate employment rates of university graduates. For the survey of 2018 Graduates, 1,481 Carleton graduates responded for a response rate of 34%.

Two years after graduating, 93.3% of Carleton graduates were employed, and 90.3% were employed after six months.

Details of Carleton graduation and employment rates by MCU categorized programs are available [below](#):

## Carleton's 2020/21 MCU Key Performance Indicators by Program

| Program                              | Graduation Rate | Employment Rates |              |
|--------------------------------------|-----------------|------------------|--------------|
|                                      | Within 7 years  | 6 months         | 2 years      |
| Architecture ***                     | 88%             | 88%              | 95%          |
| Business & Commerce **               | 77%             | 93%              | 95%          |
| Engineering **                       | 69%             | 88%              | 96%          |
| Fine & Applied Arts ***              | 71%             | 89%              | 93%          |
| Journalism ***                       | 79%             | 97%              | 95%          |
| Social Sciences *                    | 70%             | 92%              | 93%          |
| Humanities **                        | 64%             | 90%              | 87%          |
| Other Arts & Science **              | 61%             | 89%              | 94%          |
| Agriculture & Biological Science *** | 68%             | 82%              | 92%          |
| Computer Science ***                 | 57%             | 88%              | 96%          |
| Mathematics ***                      | 62%             | 92%              | 100%         |
| Health Professions***                | N/A             | 100%             | 100%         |
| Physical Sciences ***                | 61%             | 70%              | 94%          |
| <b>Total</b>                         | <b>68.7%</b>    | <b>90.3%</b>     | <b>93.3%</b> |

Please interpret employment rates with caution due error rates

\* error rate is < 5%

\*\* error rate is between 5% - 9%

\*\*\* error rate is 10% or higher

### Notes:

Graduation Rates based on Fall 2013 new first-year, full-time undergraduate students.

Employment Rates based on the Carleton results from the Ontario Graduate Survey of 2018 graduates. This survey had a response rate of 34%. Overall, the error rate for Carleton's total employment rates are estimated to be 2.1% (19 times out of 20). At the program level, the error rates can be much higher, especially where the programs are small or response rate is low.
