

EXPERIENTIAL LEARNING ABROAD

GINs 3200 (0.5 CREDITS), EXPERIENTIAL LEARNING ABROAD -- DESTINATION SUMMER 2019: BELIZE

This course provides an opportunity for students to undertake a service-learning project facilitated by our on-going partner organization in Belize, the Center for Engaged Learning Abroad (CELA). In Belize, students will work with Mayan communities in the Toledo district on a community-identified project, aimed at supporting development goals that have emerged following a 2015 Caribbean Court of Justice (CCJ) consent ruling on Maya Land rights. In the past, projects have included developing education tools about Maya Land Rights and communication materials used to promote the community's development vision. This year, Dr. Peter Andrée will be instructing the course.

The course involves three weeks of classes on the Carleton campus, followed by a two-week field experience. It concludes with a final week of classes at Carleton. The Student Experience Office (SEO) handles logistics for the course, including booking accommodations and airfare.

Spaces are limited. Applications are due online on December 7th, 2018.
