GLOBAL AND INTERNATIONAL STUDIES

TOPIC FOR SUMMER 2020

INEQUALITY: CAPE TOWN, SOUTH AFRICA

Rising inequality is considered as one of the key challenges for the 21st century. South Africa is one of the most unequal countries in the world. In partnership with a university in Cape Town, we will learn and experience the ways inequalities have been shaped. In learning about colonialism, we will also visit the Slave Lodge. In learning about apartheid, we will visit Robben Island (where Nelson Mandela was held) and the District 6 Museum (where people were displaced from). We will also visit Groot Constantia, to see the other side of inequality. We will learn about contemporary inequalities and visit NGOs working in different areas of society. Outside of the class, Cape Town offers many exciting places to go and things to see, which we will make time for (e.g. Table Mountain, Kirstenbosch Gardens, the Waterfront, Cape of Good Hope, penguins)
