## HUMS 2000 REASON AND REVELATION

**Grades** for the course will be based on:

- 1) Participation in the discussion groups, including leading two discussions (one each term), for a total of 15%;
- 2) Four assignments, each 6 typewritten pages (1500 words) in length, the first worth 10%, the subsequent three worth 15% each, for a total of 55% of the final grade;
- 3) A three-hour Christmas examination in the formal examination period, December 6th-19th, worth 15%; and
- 4) A three-hour final examination in the formal examination period, April 13th-27th, worth 15%.

*Grades will be based solely on individual, academic merit as judged against absolute standards. Grades will not be adjusted to achieve a supposed normal distribution or manipulated in any other way.*

### **Regulations Applying Specifically to HUMS 2000:**

**General Course Requirements:** To pass, students must regularly attend the lectures, complete all the written assignments, and sit both the examinations, all unless formally excused by the Instructors because of illness or some other legitimate reason. Failure to complete all the written assignments and sit the Christmas examination unless excused will result in the grade FND (Failed, No Deferral). FND will also be awarded to students whose grades on all the course work exclusive of the final examination are such that they cannot pass the course no matter how well they might do on the final examination.

**Attendance:** Students are responsible for all material covered, announcements made, course documents distributed, and assignments returned, whether they are present in class or not.

**Late Assignments:** Assignments are to be submitted in class on the day they are due. Assignments that come into the instructors' hands after the end of class will be docked one grade-point (e.g., from a B+ to a B) or 3-1/3 percentage points the first day or part thereof and each day subsequently. Late penalties on papers accompanied by a medical certificate or other proof of a legitimate reason for lateness will be adjusted accordingly. But once the papers submitted on time are graded and returned, *no further papers will be accepted except for very compelling reasons.* No work can be accepted for any reason after the Senate's deadline published in the current *Calendar*.

## HUMS 2000 REASON AND REVELATION

### Regulations Common to All Humanities Courses:

**Copies of Written Work Submitted:** Always retain for yourself a copy of all essays, term papers, written assignments or take-home tests submitted in your courses.

**Plagiarism:** The University Senate defines plagiarism as “to use and pass off as one's own idea or product the work of another without expressly giving credit to another” (*Calendar*). This can include

- Reproducing or paraphrasing portions of someone else's published or unpublished material, regardless of the source, and presenting these as one's own without indicating this through *both* the appropriate use of quotation marks *and* citations in footnotes;
- Lengthy and close paraphrasing of another's work (i.e., extensive copying interspersed with a few phrases or sentences of your own); and
- Submitting written work produced by someone else as your own work (e.g., another student's term paper, a paper purchased from a commercial term-paper factory, or materials or term papers downloaded from the Internet).

Plagiarism is a serious offence, and it cannot be dealt with by the Instructors alone. In all cases where plagiarism is suspected, Instructors are now *required* to notify their Chair or Director, who in turn is *required* to report the matter to the Associate Deans of the Faculty. The Associate Deans then conduct a formal investigation, including an interview with the student. Penalties can range from a mark of zero for the plagiarized work, a final grade of F for the course, suspension from all studies, to expulsion from the University.

The Senate also considers an instructional offence the submission of “*substantially the same piece of work to two or more courses without the prior written permission of the instructors . . . involved*” (*Calendar*).

Passages copied word-for-word without quotation marks, whether the source is cited or not, constitute plagiarism.

All of these guidelines apply equally to internet sources. Note that plagiarism from internet sources is very easy to detect.

**Grading System:** Letter grades assigned in this course will have the following percentage equivalents:

A+ = 90-100 (12) B = 73-76 (8) C - = 60-62 (4)  
A = 85-89 (11) B- = 70-72 (7) D+ = 57-59 (3)  
A- = 80-84 (10) C+ = 67-69 (6) D = 53-56 (2)  
B+ = 77-79 (9) C = 63-66 (5) D - = 50-52 (1)

F Failure. Assigned 0.0 grade points  
ABS Absent from final examination, equivalent to F  
DEF Official deferral (see “Petitions to Defer”)  
FND Failure with no deferred exam allowed -- assigned only when the student has failed the course on the basis of inadequate term work as specified in the course outline.

Standing in a course is determined by the course instructor subject to the approval of the Faculty Dean.

### Withdrawal Without Academic Penalty:

The last date to withdraw from Fall Term courses is Dec. 3, 2012. The last day to withdraw from Fall/Winter (Full Term) and Winter term courses is April 10, 2013.

### **Petitions to Defer:**

If you miss a final examination and/or fail to submit a FINAL assignment by the due date because of circumstances beyond your control, you may apply a deferral of examination/assignment.

If you are applying for a deferral due to illness you will be required to see a physician in order to confirm illness and obtain a medical certificate dated no later than one working day after the examination or assignment deadline. This supporting documentation must specify the date of onset of the illness, the degree of incapacitation, and the expected date of recovery.

If you are applying for a deferral for reasons other than personal illness, please contact the Registrar's Office directly for information on other forms of documentation that we accept.

Deferrals of assignments must be supported by confirmation of the assignment due date, for example a copy of the course outline specifying the due date and any documented extensions from the course instructor.

Deferral applications for examination or assignments must be submitted within **5 working days** of the original final exam.
