

Research Day

4th Year Thesis, Poster Evaluation

Student's Name: _____ Student # _____

Student's Dept/Institute: _____

(Nb. *Integrated Science* identify as **IS** followed with the Thesis Supervisor's Dept./Inst. e.g., **IS – Biology**)

Evaluator

- the task of you as an evaluator is to identify quickly whether the students introduced, appropriately laid out, adequately researched, and correctly interpreted the topic at hand. In this context, was the student successful in:

Evaluate	Circle your selection, where 1 = poor, 10 = excellent
• introducing their research topic with sufficient background information to give you a grasp of the research question posed?	1 2 3 4 5 6 7 8 9 10
• clearly articulating the methods used through their research project?	1 2 3 4 5 6 7 8 9 10
• demonstrating a comprehensive understanding of their results, and what they mean?	1 2 3 4 5 6 7 8 9 10
• showing a sufficient depth of understanding to your questions?	1 2 3 4 5 6 7 8 9 10
• How viable is the poster at reflecting the content of the research goals, methods, results, and interpretation? For example, is the poster presented in an organized, logical, easy-to-follow, easy to read (appeasing to the eye) manner?	1 2 3 4 5 6 7 8 9 10
