

Welcome to the Garden

How to Attract Butterflies

You will need

- A sunny location, ideally facing south.
- Shelter from the wind.
- A source of water (like a shallow dish).
- Nectar for adult butterflies.
- A butterfly-friendly attitude! Let the birds (not insecticides) control the insects, and tolerate caterpillars - they'll become tomorrow's butterflies.

Flower favorites

- **Weeds**
E.g. Chicory, dandelions, milkweed, Queen Anne's lace.
- **Shrubs**
E.g. Butterfly bush, honeysuckle, lilacs, spirea, weigela
- **Annuals**
E.g. Ageratum, bachelor buttons, cosmos, pansies, sunflowers
- **Perennials**
E.g. Achillea, aster, coreopsis, echinacea, lavender, lupine
