**Abstract submission deadline extended: December 17, 2021**

**Science & Society** is an online conference that provides scholars worldwide an opportunity to present their research and network with a broad scientific audience.

Interested undergraduate and graduate students, as well as health professional trainees are invited to submit Abstracts related to the topics indicated for either **oral** or **poster** presentation. We also invite "Hot Docs": 5-10min short documentaries on outreach activities, community, or social justice issues.
