

# **George R. Carmody Lecture**

## **Everyone Welcome**

# **Epidemiology and evolution of zoonotic schistosomiasis in a changing world**

## **Dr. Joanne Webster**

**Chair of Parasitic Diseases & Director of the Centre for Emerging, Endemic & Exotic Diseases  
Royal Veterinary College, London**

The parasites causing the human disease schistosomiasis are of profound public health and veterinary importance in sub-Saharan Africa and Asia. Professor Joanne Webster will discuss the spread and evolution of these parasitic flatworms, in relation to chemotherapeutic control programs and changing environmental selection pressures.

**Friday, March 17 at 6:00 p.m.  
in 2200 Richcraft Hall\***

Coffee and tea served starting at 5:30 p.m.

Please join us for a special reception following the seminar.
