# Institute for European Studies

### Conference Location:

Room 120 CK Choi Building University of British Columbia 1855 West Mall Vancouver, BC V6T 1Z2

## Info:

If you have any questions concerning the conference or programme, please contact us by clicking here or by calling +1 (604) 822 1452.

Information about the conference can also be found at our new website:

#### www.EU-Canada.org

Established in May 1998, the Institute for European Studies (IES) is part of the University of British Columbia's ongoing mission to advance international knowledge and research about Europe.

Emphasizing a multidisciplinary approach, the Institute promotes an exchange of ideas, students and scholars between Canada and Europe, and provides a forum for public debate on European issues through research seminars, workshops, lecture series and international conferences.

The IES investigates economic, political, social, and cultural processes of European integration from a Canadian perspective. The IES operates its activities with support of partners from Europe as well as from Canada. Those partnerships consist of the SSHRC Transatlantic Knowledge Cluster, the European Commission, the German Academic Exchange Service (DAAD), the Goethe Institute, the European Delegation in Canada, the Federal Ministry of Economics and Technology of Germany (BMWi), the Department of Foreign Affairs and International Trade of Canada, the Italian Chamber of Commerce in Vancouver, as well as many private organizations and individuals.

This conference was made possible through the generous support of our funding partners.
