The **Public History Partnership Network (PHPN)** connects Ottawa-area professionals, graduate students, and university faculty with an interest in public history. Besides nurturing a wide range of public history work both on- and off-campus, PHPN members include institutional partners who employ Carleton's history undergraduate and graduate students in practicum and internship courses. Our annual reception celebrates these relationships, provides updates on the Carleton Centre for Public History (CCPH), and highlights recent student work in public history. Event support provided by the Department of History, the Office of the Dean of the Faculty of Arts and Social Sciences, and the CCPH.
