

**RELI 5850F                      Seminar in the Study of Religion                      Fall 2011**  
**“Religion & the Environment: Nature, Nature Religion, & Religious Environmentalism”**

Prof. Noel Salmond  
Paterson Hall 2A38  
(613) 520 2600, ext. 8162

Office hours: 2PM-4PM Mondays

Concern over the environment has been one of the dominant issues in public life in recent decades. How are the religions implicated in this arena? Do religious attitudes and the pronouncements of religious organizations effect public policy? Should they? This seminar examines attitudes to nature in the religions of the world and it also examines nature as an object of religious veneration outside of the “official” world religions. We analyze what religious communities have been saying in recent decades with regard to environmental conditions and we trace the development of religious environmental ethics. Teachings on the environment are often contested within religious traditions (and by the scholars who examine them) and subject to dissent and debate; this reality is reflected in our readings. The seminar is also concerned with debates over environmentalism itself construed as a form of religion. In short we are concerned with three distinct but overlapping phenomena: 1) nature religion; 2) religious environmentalism; 3) environmentalism attacked (by its detractors) as a form of implicit (or bogus) religion.

**Required texts:**

Bron Taylor, *Dark Green Religion: Nature Spirituality and the Planetary Future*. Berkeley: University of California Press, 2010

Roger Gottlieb, ed. *The Oxford Handbook of Religion and Ecology*. Oxford: Oxford University Press, 2006

[available at Octopus Books, 116 Third Ave (at Bank)]

Additional readings will be provided as links and PDFs through the ARES system of the Carleton library

**REQUIREMENTS**

**Reading Responses 20%**

A one to two page (double-spaced) response due at class each week on the assigned readings. These responses should include a question you would like to see addressed by the group. Eleven are required, the best ten will be counted, at 2 points each. These are to be handed in at the beginning of class, late responses are graded down 50%, i.e., they are graded out of 1 instead of 2. These responses are also a measure of attendance and participation designed to promote informed engagement at the weekly meeting which is the *sine qua non* of success in this course. Note: *to miss more than three of the weekly meetings (which would mean, in effect, you had missed a third of the class) is to forfeit credit for the course.*

### **Seminar Presentation and Participation 20%**

Each student will be responsible for presenting on the readings for the week once in the semester. This will be worth approximately 5% and will be added to the assessment of your overall engagement with the course material as reflected in your participation in the seminar.

### **Essay Proposal 10%**

Suggested topics will be provided. The proposal indicates your choice from among the topics. It is to consist of a working title, a working bibliography, and a preliminary abstract that details a preliminary thesis statement. The tentative thesis statement should indicate how you intend to focus the chosen topic and the argument to be developed. Due Oct. 24. Note: This proposal is an absolutely essential feature of the course. Decisions have to be made early on your topic as your research essay will probably necessitate using inter-library loan and other research avenues that necessitate being well underway by mid semester.

### **“Conference” presentation of your research essay 10%**

The Paper Conference:

Our final meeting date will be devoted to presentations to the group of your paper. Each student will present on his or her paper for 15 minutes followed by about 5 minutes for questions and discussion. You need to have a completed version of your paper ready for this day. Papers will be amended based on feedback given on this date before final submission.

### **Research Essay 40%**

A research essay of (20 typed, double-spaced pages). Topics must be approved by the instructor. The original copy of your proposal must be resubmitted with the paper, essays will not be marked without it. Essays must have a clearly articulated thesis. Essays must also include an abstract. **Due Dec. 12.** **Note:** late papers (except with medical documentation) are docked 4 percentage points per day.

*Note: All course requirements listed above must be fulfilled to gain credit for this course*

## REGULATIONS COMMON TO ALL HUMANITIES COURSES

### COPIES OF WRITTEN WORK SUBMITTED

Always retain for yourself a copy of all essays, term papers, written assignments or take-home tests submitted in your courses.

### PLAGIARISM

The University Senate defines plagiarism as “*presenting, whether intentional or not, the ideas, expression of ideas or work of others as one’s own.*” This can include:

- reproducing or paraphrasing portions of someone else’s published or unpublished material, regardless of the source, and presenting these as one’s own without proper citation or reference to the original source;
- submitting a take-home examination, essay, laboratory report or other assignment written, in whole or in part, by someone else;
- using ideas or direct, verbatim quotations, or paraphrased material, concepts, or ideas without appropriate acknowledgment in any academic assignment;
- using another’s data or research findings;
- failing to acknowledge sources through the use of proper citations when using another’s works and/or failing to use quotation marks;
- handing in “*substantially the same piece of work for academic credit more than once without prior written permission of the course instructor in which the submission occurs.*”

Plagiarism is a serious offence which cannot be resolved directly with the course’s instructor. The Associate Deans of the Faculty conduct a rigorous investigation, including an interview with the student, when an instructor suspects a piece of work has been plagiarized. Penalties are not trivial. They can include a final grade of “F” for the course

### GRADING SYSTEM

Letter grades assigned in this course will have the following percentage equivalents:

A+ = 90-100 (12)	B = 73-76 (8)	C - = 60-62 (4)
A = 85-89 (11)	B- = 70-72 (7)	D+ = 57-59 (3)
A- = 80-84 (10)	C+ = 67-69 (6)	D = 53-56 (2)
B+ = 77-79 (9)	C = 63-66 (5)	D - = 50-52 (1)

F	Failure. Assigned 0.0 grade points
ABS	Absent from final examination, equivalent to F
DEF	Official deferral (see “Petitions to Defer”)
FND	Failure with no deferred exam allowed -- assigned only when the student has failed the course on the basis of inadequate term work as specified in the course outline.

Standing in a course is determined by the course instructor subject to the approval of the Faculty Dean.

### WITHDRAWAL WITHOUT ACADEMIC PENALTY

The last date to withdraw from **FALL TERM** courses is **DEC. 5, 2011**. The last day to withdraw from **FALL/WINTER (Full Term)** and **WINTER** term courses is **APRIL 5, 2012**.

### REQUESTS FOR ACADEMIC ACCOMMODATION

You may need special arrangements to meet your academic obligations during the term because of disability, pregnancy or religious obligations. Please review the course outline promptly and write to me with any requests for academic accommodation during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist. You can visit the Equity Services website to view the policies and to obtain more detailed information on academic accommodation at: [carleton.ca/equity/accommodation/](http://carleton.ca/equity/accommodation/)

Students with disabilities requiring academic accommodations in this course must register with the Paul Menton Centre for Students with Disabilities (PMC) for a formal evaluation of disability-related needs. Documented disabilities could include but not limited to mobility/physical impairments, specific Learning Disabilities (LD), psychiatric/psychological disabilities, sensory disabilities, Attention Deficit Hyperactivity Disorder (ADHD), and chronic medical conditions. Registered PMC students are required to contact the PMC, 613-520-6608, every term to ensure that your Instructor receives your Letter of Accommodation, no later than two weeks before the first assignment is due or the first in-class test/midterm requiring accommodations. If you only require accommodations for your formally scheduled exam(s) in this course, please submit your request for accommodations to PMC by Nov.11, 2011 for the Fall term and March 7, 2012 for the Winter term. For more details visit the Equity Services website: [carleton.ca/equity/accommodation/](http://carleton.ca/equity/accommodation/)

### PETITIONS TO DEFER

If you miss a final examination and/or fail to submit a **FINAL** assignment by the due date because of circumstances beyond your control, you may apply a deferral of examination/assignment. If you are applying for a deferral due to illness you will be required to see a physician in order to confirm illness and obtain a medical certificate dated no later than one working day after the examination or assignment deadline. This supporting documentation must specify the date of onset of the illness, the degree of incapacitation, and the expected date of recovery.

If you are applying for a deferral for reasons other than personal illness, please **contact** the Registrar’s Office directly for information on other forms of documentation that we accept.

Deferrals of assignments must be supported by confirmation of the assignment due date, for example a copy of the course outline specifying the due date and any documented extensions from the course instructor.

Deferral applications for examination or assignments must be submitted within **5 working days** of the original final exam.
