

Thesis Stream

Students in the Thesis Stream have to have a Supervisory Committee. During the 1st three terms of your program, you should be meeting with your thesis supervisor and creating a Supervisory Committee who will be offering you support as you begin and continue throughout your Proposal Defense, Research and Thesis Defense. Once you have established your Supervisory Committee, fill out the [M.Cog.Sc. Supervisory Committee Approval Form](#) and return to the Graduate Administrator by October 1st in your second year.

M.Cog.Sc Proposal Meeting – Thesis Stream

After you have determined who will be on your Supervisory Committee and before beginning the thesis planning process, you should review the [E-Thesis Submission](#) information and the [Thesis Policy](#). Students and Thesis Supervisors should read the policy for the [M.Cog.Sc. Thesis](#). Students in Thesis Stream have to present their preliminary Thesis Research at a Proposal Defense. Your proposal meeting should take place by the end of October in year two of your program. Once you have met with your supervisor (s) and committee and determined a meeting time, you will submit the [M.Cog.Sci. Prospectus Defense Approval Form](#), 3 weeks ahead of the proposed date to Graduate Administrator. This form is submitted when you have agreed on a tentative date with your supervisor(s) and committee member(s).
