

Looking Together Sessions

*Slow Down.
Look Together.*

A Ruth and Mark Phillips Professorship Event

St Pats 201L

Tuesdays

1:30-2:30pm

A series and method of scholarship to see artworks and objects through the shared eyes of peers and colleagues.

Students present a selected artwork, artifact, installation, exhibition, or another object of interest.

Together, participants examine each object as a starting point for engaging with the temporal heterogeneity of our time and the ways in which it shapes our situated knowledge.
