For students entering their first year of studies at Carleton with no previous post-secondary studies the following grading policy shall apply during the **first two terms** of registration in a Carleton undergraduate degree program:

FAQ – selected vs. special topics

T

Term GPA Within the Academic Continuation Evaluation for undergraduate and special students, the Term GPA is the ratio of the grade points earned on a course or courses to the total credit value completed in the term of assessment.

Topics Courses

Selected Topics courses normally address topics which fall within a narrow range of topics within a common theme indicated by the course title. Students may not repeat selected topics courses for credit.

Special Topics normally address topics chosen from a broad range of topics within a discipline. Their topics vary widely from year-to-year. Students may repeat special topics courses for credit when the topics vary.

A Courseleaf enhancement to help with question of selected vs. special topics is coming...soon.

We have Glossary definitions!

Review your course offerings to see if they fit into one of the two categories.

Want to change the title or description? Just get in touch; these are collateral changes so don't have to go through workflow if you're "cleaning up".

FAQ – selected vs. special topics

Also offered at the graduate level, with different requirements, as [ECON 5209](#), for which additional credit is precluded.

Lectures and/or seminars three hours a week.

Selected topics cannot be repeated.

Narrow selection of content amid a broader theme.

Try to avoid using the word “special” in the course description!

CGSC 4900 [0.5 credit]

Special Topics in Cognitive Science

The topic of this course will vary from year to year. Students may register in more than one section of CGSC 4900 but may register in each section only once.

Prerequisite(s): each section will have its own prerequisites and permission of the department if is required.

Avoid the word “selected” in the course description!

FAQ – Email notifications

- Do all role members *have* to get the email notifications?
 - If you only want one role member to receive emails, let me know and I'll adjust the settings.
- My unit uses a shared inbox; can the emails go there?
 - Absolutely; this is a great option if multiple people need to track curriculum changes and have access to one email account. Let me know where you'd like them to be sent!
- I'm getting notifications for a role I'm no longer associated with?
 - Courseleaf fixes the workflow notifications when a proposal is first submitted into workflow, so if the members change, the emails aren't redirected.

Thank you!
