### **Course Evaluation**

Assignment 1: 10% (Due on February 24)

Assignment 2: 10% (Due on April 6)

Midterm Exam: 35% (March 2)

Final Exam: 45% (During the April exam period as scheduled by the university)

The assignments will consist of several questions and problems. The assignments must be submitted in person at the beginning of the lecture on the due date. Late assignments will not be accepted and will receive a grade of zero. The midterm covers the material presented in Weeks 1-5. The final exam is cumulative.

Students will receive a grade of zero if they miss the midterm exam unless they provide a compelling reason (doctor note, etc.). If the compelling reason is accepted the weight of the midterm will be transferred to the final exam so that the weight of the midterm and final exam become 0% and 80% respectively. No deferred midterm will be offered.

### **University Policies**

**Academic Integrity:** Please be aware that all work submitted as requirements of this course must be both your own work and original to this course. Students should consult Section 14 of the Faculty of Graduate Studies Calendar, General Regulations concerning academic integrity and instructional offences.

**Plagiarism:** Please be aware that plagiarism is serious offence at Carleton and should be recognized and avoided. For information on how to do so, please see "Pammett on Plagiarism and Paraphrasing" at [carleton.ca/economics/courses/writing-preliminaries](http://carleton.ca/economics/courses/writing-preliminaries).

**Course grades:** Standing in a course is determined by the course instructor subject to the approval of the Faculty Dean. This means that grades submitted by the instructor may be subject to revision. No grades are final until they have been approved by the Dean.

**Final exam:** Failure to write the final examination when the student has achieved satisfactory performance during the term will result in a grade of 'F' until an appeal to write the deferred final exam is granted. A change of grade will be submitted when the deferred final exam has been written and the marks are available. See Academic Regulation 2.3 for the official meanings of the grades. Application to write a deferred final examination must be made at the Registrar's Office in writing no later than three working days after the original final examination.

Students who are unable to complete term work on time, or unable to complete final assignments on time, must work with their instructor to obtain an alternative arrangement. The Registrar cannot defer term work and final term work. In all cases, formative evaluations providing feedback to the student should be replaced with formative evaluations. In the event the altered due date must extend beyond the last day of classes in the term, the instructor will assign a grade of zero for the work not submitted and submit the student's earned grade accordingly; the instructor may submit a change of grade at a later date.
