2 Preclusions and Prerequisites

Precludes additional credit for ECON 2001, ECON 2002 (no longer offered), ECON 2003 (no longer offered), and ECON 2020. Prerequisite(s): ECON 1000 or FYSM 1003 with a grade of C- or higher; MATH 1009 (or equivalent) with a grade of C- or higher. Students who believe they have taken a similar background course or courses from another university must provide appropriate documentation to the Department of Economics Undergraduate Administrator, Amanda Wright. A grade of C+ or higher is required to qualify for ECON 2030 and ECON 4020. A DEF(ferred final grade) status at the end of this course precludes (continued) registration in any other course for which the former is a prerequisite.
3 Course Description

An economic analysis of managerial decision-making; elements of production and cost; price and output determination under perfectly and imperfectly competitive market structures; the role of information; topics in business strategy; and the impact of government intervention.

4 Textbooks

The textbook by Allen et al. is the recommended textbook for the class and is the textbook that I have used to prepare my slides. The textbook by Baye and Prince is a supplementary reference.

5 Course Outline

The course outline below is tentative. The topics covered may change slightly during the term depending on how the class evolves. I may also include material from other sources beyond the ADWM chapters listed below as I see fit.

1. Introduction
The basic of managerial economics (ADWM: Ch.1; BP: Ch.1 & 2)
Supply, demand, and markets (ADWM: Ch.1; BP: Ch.1 & 2)

2. Demand theory (ADWM: Ch.2 & 3; BP: Ch.2)

3. Production Costs
Production theory (ADWM: Ch.5; BP: Ch.5)
Analysis of costs (ADWM: Ch.6; BP: Ch.5)

4. Market structure and simple pricing strategies
Perfect Competition (ADWM: Ch.7; BP: Ch.8)
Monopoly and monopolistic competition (ADWM: Ch.8; BP: Ch.8)

5. Sophisticated market pricing
Price discrimination (ADWM: Ch.9; BP: Ch.11)
Bundling and intrafirm pricing (ADWM: Ch.10; BP: Ch.11)
6. Business strategy
Oligopoly (ADWM: Ch.11; BP: Ch.9)
Game Theory (ADWM: Ch.12; BP: Ch.10)

7. Government and business* (ADWM: Ch.17; BP: Ch.14)
* The extent and coverage will depend on time availability

Note: The course will use calculus and some elementary probability and statistics. It is assumed that you know the material covered in MATH 1009. A good reference for the application of the mathematical tools in this course is chapter 18 in Allen et al.

6 Tutorials

The attendance for the tutorials is highly recommended. The tutorials will be run by the Teaching Assistants and will focus on practice problems that will help you understand better the material covered in the lectures and prepare for the mid-term and final examinations.

7 Evaluation

Each student’s grade will be calculated using the following instruments and weights:

<table>
<thead>
<tr>
<th>Instrument</th>
<th>Weight</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st mid-term exam</td>
<td>25%</td>
</tr>
<tr>
<td>2nd mid-term exam</td>
<td>25%</td>
</tr>
<tr>
<td>Final comprehensive exam</td>
<td>50%</td>
</tr>
<tr>
<td>Total</td>
<td>100%</td>
</tr>
</tbody>
</table>

Mid-term examinations: They will take place on Oct-18 and Nov-22. Note that these are tentative dates. If you miss a mid-term examination for a documented compelling reason, the assigned weight will be added to the final exam. No makeup will be offered. Note also that you are allowed to miss only one mid-term exam for a documented compelling reason and have its weight added to the final exam.

Final comprehensive examination: The 3-hour final examination will take place during the December examination period at a time and place set by the University.
8 Satisfactory Performance Criteria

Students must fulfil all of the preceding course requirements in order to achieve a passing grade (D- or higher). Failure to write the final examination when the student has achieved satisfactory performance during the term will result in a grade of “F” until an appeal to write the deferred final exam in February 2019, if granted by the Registrars Office. A change of grade will be submitted when the deferred final exam has been written and the marks are available. See Academic Regulation 2.3 for the official meanings of the grades, and note that it stipulates that no course grades are final until approved by the Faculty Dean. Application to write a deferred final examination must be made at the Registrars Office in writing no later than three working days after the original final examination was scheduled.

9 Regrading

Students seeking reappraisal of their graded assignment or mid-term examination should contact the instructor within a week after they receive their grades. Students are required to send e-mail to the instructor with the subject “ECON 2009B-REQUEST FOR REGRADING” explaining the reason(s) for requesting a reappraisal of their graded work.

Note: Reappraisals that do not conform to this standard will not be considered.
