PREREQUISITES:

The prerequisites for this course are ECON 1001 or ECON 1000 or FYSM 1003 with a grade of C- or higher; ECON 1401 (or equivalent) with a grade of C- or higher; and ECON 1402 (or equivalent), which may be taken concurrently with ECON 2020. Students lacking the necessary requirements will be de-registered. If you believe that you have an equivalent background or a similar course from other university, then you must contact the Department of Economics Undergraduate Administrator.

OBJECTIVES:

The objective of this course is to study the theory of firm, production, and market competition, including elements of production and cost; input allocation, pricing, and firm behavior under perfectly and imperfectly competitive market structures; the role of information; game theory and public policy.

REQUIRED TEXTBOOK:

Microeconomics: Theory and Applications with Calculus, 5th edition, by Jeffrey M. Perloff, 2020

(Optional: Additional study materials are available via MyLab Economics with Pearson eText – check with CU Bookstore. **Pearson MyLab Economics Course ID:** yu96673)

WEEKLY TUTORIALS:

The main purpose of the tutorials is to give students guidance in working through particular problems and applications (in either MC and problem-solving exercises) of intermediate microeconomic theory covered in the lectures and in the textbook. Detailed schedule of these tutorials (run by a Teaching Assistant) will be available after the semester begins. The teaching assistant(s) may also spend some time answering students' questions about course materials.

WEEKLY HOMEWORK:

Class attendance and reading the course materials are essential. The textbook has “solved problems” for most chapters, which provide good examples of self-learning practice. In addition, I will provide several exercises from each chapter covered during the course. Although these exercises will not be formally graded (due to TA resource constraints), your TA will discuss them in detail during the weekly tutorials. You will receive 1 mark each week if you submit your finished weekly homework, up to a maximum of 10 marks.

EVALUATION:

In-class/person Test/Midterm 1: 30% (Module I) on **February 8**

In-class/person Test/Midterm 2: 45% (mainly Module II, and Module I) on **March 26**

In-class/person Test/Midterm 3: 15% (mainly Module III, and Module I or II) on **April 9**

Weekly homework (submit within 48 hours after each tutorial): 10%

EXAMINATIONS:

Important: (i) A student will receive a zero mark for the missing a midterm unless he/she submits a e-copy of the **Self-declaration for Academic Consideration From** (<https://carleton.ca/registrar/wp-content/uploads/self-declaration.pdf>) to the Instructor, either before the exam or within 48 hours after. (ii) Furthermore, the assigned weight of the missing test/midterm will be added to the subsequent test/midterm – that is, you will write a different midterm/test. A maximum of missing one test/midterm is permitted.
