Teaching Assistants: If a teaching assistant is assigned to this class, she/he will hold weekly office hours (the time and location will be posted on **cuLearn**). In office hours the teaching assistant can discuss the solutions to the assignments and review material as a preparation for upcoming exams. Lectures move quickly. Office hours are a key part of learning the material.

GRADING POLICY:

- Assignment 1: **5%** (January 30th) tentative
- Assignment 2: **5%** (February 13th) tentative
- Assignment 3: **5%** (March 19th) tentative
- Assignment 4: **5%** (April 2nd) tentative
- Midterm Exam: **35%** (February 27th)
- Final Exam: **45%** (during the April Exam Period as Scheduled by the University)

This % grade will then be converted into the alphabetical grade system using the standard equivalences, as outlined in Section 2.3 of the Academic Regulations of the University in the 2019-2020 Undergraduate Calendar. Standing in a course is determined by the course instructor subject to the approval of the Faculty Dean. This means that grades submitted by the instructor may be subject to revision. No grades are final until they have been approved by the Dean. Application to write a deferred final examination must be made at the Registrar's Office.

Assignments: The assignments will consist of several questions and problems and must be submitted **in person** at the beginning of lecture on the due date. **Late assignments will not be accepted and will receive a grade of zero.** Students should retain some form of copy of each assignment when handing them in. Students may wish to work together on assignment material, **BUT each student MUST write up their own assignments INDEPENDENTLY.** In this connection, please be sure to read Section 14.3 of the Academic Regulations of the University in the 2019-2020 Undergraduate Calendar, especially with regard to plagiarism and unauthorized cooperation and collaboration. For further information on recognizing and avoiding plagiarism, see "Pammett on Plagiarism and Paraphrasing" at "**Pammett on Plagiarism and Paraphrasing.**"

Midterm: If you miss the midterm it will be treated in two ways. First, you may provide written evidence from an authority explaining your absence (e.g. doctor's note or police report, **the documentation provided by students for missed midterm may be subject to verification**). If you meet this condition you will receive the same rank-based score you earned on the final. Alternatively, absent written explanations, you will receive a zero for the midterm. You have until March 5th to submit your document along the "Consent to Release Information to a Third Party" form (you can download this form from **cuLearn**). The midterm will cover all the topics discussed until and including February 13th. **Write your midterm examination in pen or you lose the option of having any marking errors corrected.**

Final: The final exam is cumulative. Application to write a deferred final examination must be made at the Registrar's Office. **The documentation provided by students for missed examination(s) may be subject to verification.** In the event that a student writes a deferred examination, the deferred examination will carry the same weight as the final examination in determining the course grade. Needless to say, any deferred examination will not be identical to the original final examination.

cuLearn: During the term, I will post on **cuLearn** lecture notes, problem sets, due dates, etc. I will also use **cuLearn** to make announcements and communicate with you the dates of the reviews for the examinations and the material covered in those. Students are responsible for regularly checking the course website to ensure that they are up to date with any announcements and have access to the documents posted.

Re-grading Policy: Any request for regrading exams must be **submitted in writing** within **one week** of that exam first being returned to the class. The request should contain a detailed explanation of why you feel you should receive a higher grade. Please note that I will regrade the entire exam not just the contentious question. As a result, the revised grade may be higher than, lower than or the same as the original grade.
