

# Influenza Safety Tips

## **AVOID CLOSE CONTACT**

- When you're sick, stay away from others to protect them from getting sick too

## **STAY HOME**

- If possible, stay home from work, school and errands when you are sick

## **GET VACCINATED**

- Getting vaccinated each year is the best way to help prevent you from getting sick

## **WASH YOUR HANDS**

- Washing your hands often will help protect you from germs
- If soap and water are not available, alcohol-based hand sanitizer is a good option

## **COVER YOUR MOUTH**

- Wear a mask if you go out in public
- Cough and sneeze into your sleeve

## **STOP CONTAMINATION**

- Try to avoid touching your face to prevent the spread of germs
- Disinfect commonly touched surfaces at your home, work or school

## **MAINTAIN HEALTHY HABITS**

- Get plenty of sleep to give your body time to rest
- Drink plenty of fluids and eat nutritious food
