

Flood Safety Tips

SEEK SHELTER

- The best shelters are on higher ground (ie: upper floors, attics, roofs)
- If driving, stay in your car or climb onto the roof if water gets inside

CHECK THE WEATHER FORECAST

- Stay informed with the Environment Canada weather forecast
- News reports and weather updates are helpful to determine when your area is safe

UNPLUG APPLIANCES

- If you can, unplug appliances to protect from damage caused by power outages
- DO NOT use corded electronics to protect them from power surges

PROTECT YOUR BELONGINGS

- Bring in any outdoor furniture or secure it to the ground
- Move valuables to higher ground
- Consider purchasing insurance policies to cover flood damage

HAVE A PLAN

- Be prepared to evacuate in the event of an emergency
- Have an emergency preparedness kit ready to take with you
- Follow instructions from authorities in the event of an evacuation

BE AWARE

- DO NOT walk, swim, or drive through flood waters
- Stay off bridges over fast-moving water
- Avoid wading in floodwater, which can contain dangerous debris and be contaminated
