Invest in your future.

Carleton University's Faculty of Science is a research-intensive, integral part of the university with a mission to create, disseminate and apply scientific knowledge. We innovate and excel in teaching and research, so as to advance the goals of the University and the development of society.

Hiring a Carleton co-op student creates a positive business-education partnership as well as an investment in your future. As your organization looks to grow, adapt and innovate, consider the skills, perspective and energy that Carleton co-op students bring — the potential to help your business thrive.

**Co-operative
Education**
CARLETON UNIVERSITY

Student Availability

All co-op students are available for a minimum of 4 months each term. In some cases, students are available for extended periods of up to 12 or 16 months of employment.

To see specific availability by program, visit our website at <https://carleton.ca/employers/co-op-student-availability>
