

## ORIENTATION FOR THE 2015 NEWLY-ELECTED MEMBERS OF PARLIAMENT

The Library of Parliament contributes to informing public policy decisions by supporting parliamentarians in their roles as legislators in the Chamber, as members of committees, associations and/or delegations, as members of caucus, and as constituency representatives. Library products and services are available to parliamentarians in those capacities, as well as to their staff.

The Library offers reference and research services online, by phone and in person tailored to the needs of parliamentarians. Library analysts respond to parliamentarians' requests with reliable, confidential research and analysis on any public policy topic. Librarians are available to answer reference questions and can help search the extensive print and digital collections. More info at [www.parl.gc.ca/library](http://www.parl.gc.ca/library)
