

# Fall 2024 - Winter 2025 Complementary Studies Elective Options

**Please review this information carefully before registering for your Complementary Studies Elective.**

If you have questions, please email [EngAcadSupport@carleton.ca](mailto:EngAcadSupport@carleton.ca) from your Carleton email (cmail) account and include your student number.

## CSE COURSE REQUIREMENTS

**EFFECTIVE 2024 SUMMER TERM:** To be acceptable for inclusion in your degree, a complementary studies elective (CSE) must meet **all** of the following requirements:

- has 3 hours of lecture per week (can include up to 1 hour tutorial/discussion time);
- subject matter that deals with the humanities and social sciences;
- includes an assessment of written material;
- is **not** a “learning language” course;
- must have a synchronous component.

*NOTE: Courses completed in previous terms will **not** be reconsidered for inclusion in the BEng degree under these CSE guidelines.*

**Note:** The following list of CSEs is **subject to change** as we review course outlines near the start of the term to verify that the courses meet the requirements listed above.

## ECOR 2995

**All** BEng students with catalog years 201930 and later are required to complete the Engineering Portfolio: ECOR 2995 by their fourth year. The portfolio **must** include:

1. The course outline of the CSE that you completed
2. An essay, project report, and/or research paper completed as a requirement of the CSE

## REGISTRATION WARNINGS / ERRORS

Registration in these courses is subject to departmental approval as there may be additional requirements that B.Eng. students do not meet. Click the course title for prerequisite information and a course description or visit <https://calendar.carleton.ca/undergrad/courses/>.

**Note:** If you are unable to register, you may contact the department offering the course through Carleton Central’s [Registration Override Request](#) form to request access.
