

# Basic Science Electives

## Fall 2022 – Winter 2023

**BIOMEDICAL STUDENTS** should **not** refer to this list and should refer to the “[Science Electives for Biomedical Engineering Programs](#)” or contact their [Departmental Advisor](#) for appropriate science electives.

Registering in an online/VOD section of any of these courses is **permitted**.

Enrollment in these courses is subject to departmental approval, as there may be additional requirements that B.Eng. students do not meet. Click the course title for prerequisite information and a course description or visit: <https://calendar.carleton.ca/undergrad/courses/>.

**Note:** If you are unable to register, you may contact the department offering the course through Carleton Central’s [Registration Override Request](#) form to request access.
