

# SUSTAINABLE & RENEWABLE ENERGY ENGINEERING - STREAM B

2019/06/25

- Engineering Common Core
- Mech. & Aerospace Engineering
- Electronics
- Arts and Social Sciences
- Civil and Environmental Engineering
- Mathematics and Statistics
- Science (Physics, Chemistry, etc)
- Systems & Computer Engineering
- Electives

**Notes:** (a) 0.5 credits in any 4000-level Engineering course for which all prerequisites have been satisfied.

Dashed line indicates concurrent prerequisite
