

Job Posting: Contract Instructor ENSC 2001- Earth Resources and Natural Hazards: Environmental Impacts

Course Description

ENSC 2001 [0.5 credit]

Earth Resources and Natural Hazards: Environmental Impacts

Environmental impact of mineral, energy and water resource exploitation and impact of hazardous Earth processes such as volcanic eruptions, earthquakes and others: their prediction and mitigation.

Lectures three hours per week.

Qualifications

- Must have strong knowledge of the environmental impact of mineral energy and water resource exploitation and impact of hazardous Earth processes such as volcanic eruptions, earthquakes and others.
- Enthusiasm for the teaching.
- Ph.D. Required. Professional experience related in the core course material.

Procedure for Application

A note to all applicants: As per Articles 16.3 and 16.4 in the CUPE 4600-2 Collective Agreement, the posted vacancies listed above are first offered to applicants meeting the incumbency criterion. A link to the current CUPE 4600-2 Collective Agreement can be found at the Academic Staff Agreements webpage on the Carleton University Human Resources website <https://carleton.ca/hr/labour-relations/academic-staff-agreements/#sect3> and the CUPE 4600-2 website <https://www.cupe4600.ca/>

15.3 (a) All applicants must apply to the Academic Department Head in writing and in relation to each course for which they wish to be considered. All applications must include an up to date CV, including a complete listing of all courses taught within the CUPE 4600 Unit 2 bargaining unit at Carleton University. Applicants shall not be required to submit more than one (1) CV to each department. Other required documents must be relevant to judge qualifications and should not require applicants to provide details as to how they would shape or teach the course.

(b) When applying to classes for which they have incumbency, applicants shall not be required to (re)submit documentation beyond their updated CV.
