

want to *help improve*
Carleton's approach to
sexual violence
prevention on
campus?

JOIN THE **MEASUREMENT WORKING GROUP**
UNDER THE SEXUAL VIOLENCE PREVENTION AND
EDUCATION COMMITTEE

What does the Measurement Working Group do?

- Develops a survey to measure awareness and satisfaction of existing prevention programs and services for survivors on campus.
- Works with other campus partners to create learning outcomes and assessments.

DO I NEED TO HAVE A
BACKGROUND IN RESEARCH?

No. Don't worry. Research experience is helpful but not required. We are looking to create a well-rounded team with fresh ideas.

SEXUAL VIOLENCE IS NOT MY AREA
OF EXPERTISE, CAN I STILL JOIN?

Yes! We recognize and honour lived experience as expertise. If you are committed to ending sexual violence and building consent cultures on campus, then we encourage you to sign up.
