

Course Schedule & Descriptions

Arts and Social Sciences - Winter

The following are the schedule and descriptions of the courses available to ESP students in the Winter 2025 semester. Please read all sections of this document carefully before selecting your course preferences on your *Course Selection Form*.

Please note: courses are subject to cancellation and/or change.

- All new first year ESP students must register for CIED 1001 A & B (see Section A below)
- All ESP students must choose up to two half credits from the list of Elective Courses (see Section B below).

Each elective course has a corresponding ESP workshop that will appear on your schedule as ESPW 1000.

A note about choosing courses: We have provided links (where possible) to the Elective Course outlines in Section B, below. These outlines tell you how you will be evaluated in that class. We recommend you look at the outlines (where possible) and use that information to help make your choice, according to your interests and strengths.

Code/Semester:	The course code and its semester. Some courses are full credits (Fall/Win) and run from Sept-Apr. Others are half credits and run in either the Fall (Sep-Dec) or Winter (Jan-Apr) sessions. For the First Year Seminars, some course codes are different for the same class. This is indicated by the / and you are welcome to select either course section based on your preferred day/time.
Day/Time:	M=Mon, T=Tues, W=Wed, R=Thurs, F=Fri. Classes may be held once per week for 3 hours or two times per week for 1.5 hours, or once per week for 2 hours plus a discussion group of 1 hour. We'll register you in just <u>one</u> of the discussion groups listed (one that has space available and works with your other course).
ESP Workshop:	This is the ESP Workshop assigned to the course with its day/time listed. It's there to help you succeed in the course and is an important and mandatory part of our program.

Course and Workshop Descriptions

Section A. Core Course (0.5 Credit)

Power of Persuasion
CIED 1001 A & B [0.5 credit]
Instructor: Jennifer Gilbert

Learning how to engage with arguments and how to disagree productively with others has many benefits, from assisting our own decisions about how to live and how to act, to broadening our understanding of the world and other people. We may even - sometimes - change our minds or the minds of others. In this course, you will learn ancient and modern concepts from the field of Rhetoric. We will analyze arguments from opinion columns and from everyday visuals such as memes, ads, and videos. You will learn to map out argument structure and rhetorical situations, teaching you to assess not only the strength of others' arguments, but

also the power dynamics surrounding them. You will also apply what you are learning to improve your powers of persuasion!

In-class activities include lectures, discussions, and games. Your grade will be based on attendance and contribution in classes, teamwork and individual work to research & debate issues, an analysis paper and an in-person written exam.

Section B: Elective Courses (1.0 Credit)

All elective courses listed below will be accompanied by a two hour/week **ESP Workshop** (this will appear on your schedule as ESPW 1000). Please see the **Class and Workshop Schedule** for day and time information; and read the **Student Guide** for a description of workshops.
