

ESP ADVISING BULLETIN: DECEMBER 12,
2025

In this Bulletin:

- Apply for a Determination Bursary
- December office hours and holiday closure

Apply for a Determination Bursary!

ESP is happy to announce that we have five winter bursaries available. These bursaries were established by anonymous donors to help support

students with workshop fees and educational expenses.

This communication was sent out earlier today and was flagged as a phishing campaign. Please note, this is not a phishing attempt and was sent from the ESP office.

What: This is a bursary award of \$1200 for the winter term. A bursary is a grant that is awarded based on financial need. Unlike loans, you do not need to repay bursaries. There are six bursaries available.

When: The application deadline is January 11th at 11:59 pm

Who: This will be awarded to 5 current ESP students who need financial assistance this term.

Criteria: Priority will be given to students with strong attendance and academic performance, and who have not received a Carleton University bursary this academic year.

Note: This bursary is intended for students who started ESP in September.
