## Siberia din oase

## Siberia in the Bones

The movie is dedicated to the Moldovans deported to Siberia under the Stalin regime and commemorates 70 years since the deportations in Moldova (formerly known as Bessarabia). The story is based on true events.

The film is structured around the stories of four children who were forcibly exiled to Siberia during the second wave of deportations, on the night of July 6 to 7, 1949.

Running time: 86 mins, with discussion and reception to follow (snacks and light refreshments will be provided). **The movie is in Romanian, with English subtitles.**
