

Criminology and Criminal Justice

Why Study Criminology and Criminal Justice at Carleton University?

We feature an interdisciplinary collaboration.

Our unique program centres around courses taught by experts in criminology, psychology, sociology, law and legal studies.

We are in Canada's capital. Ottawa is home to experts and organizations that you won't find anywhere else in Canada. That expertise infuses our classrooms and strengthens our academic programs.

We offer a bridge to the future. Our highly successful field placement program is just one of the many workplace opportunities available to our students.

We have a supportive community. We pride ourselves on being a caring community that offers academic, mental health supports, and learning supports through the Paul Menton Centre.

“Not only did I learn about the foundational concepts of the legal system, but I completed a field placement in a lawyer's office that gave me courtroom experience. I was well-prepared for law school.”
