## Instructions

Fill in the blank template on the right. Fill in each section according to the instructions provided in the instructions template.

- When a description is required, keep it to 2-3 sentences max.
- In order to fill each section, overwrite the existing text.
- Use OpenSans typeface, 10 point size for the description text.
- The font size may be changed to an appropriate size to fit text if necessary.

## Instruction Template

Title of Project								
List of researchers and team members.								
What  Provide here a brief summary of what the project is about: issue/s and opportunity/ies addressed, why, how (few words), expected research and, if it applies (Stream 2), design outcomes.		Who						
		Who is affected by these issues?		Who will take part in the research and, if it applies (Stream 2), in the design process?				
<b>How</b> List the main phases of the research process and provide a brief description of their main characteristics.								
Briefly state the research approach (i.e. participatory).	List the principles behind the research choices (that is, that inform them).		List the research tools and techniques that will be used in each research phase.					
			Will be used in each research phase.					
STREAM 2 ONLY. List the principles behind the design choices (that is, that inform them).  STREAM 2 ONLY. List the design tools and techniques that will be used.								
Research Question								
Write the research question here.								
Challenges and limitations  The main foreseen challenges for the project implementation. What might hinder research and design activities? Is there anything that might be challenging to achieve and perform? Please list and describe.								
Contribution to Gendered Design  Please briefly describe the theoretical contributions of the research project to Gendered Design.
