

GEOG 3023

CITIES IN A GLOBAL WORLD

What is urbanization, what drives it, and what does it look like in different parts of an increasingly interconnected world?

This course examines local-global connections to think about the political, economic, and social factors that shape urbanization. Themes include:

- housing, gentrification and displacement
- production and regulation of urban space
- urban 'imagineering' and mega-projects
- social justice and the right to city
- urban informality

Monday and Wednesday, 6-9 pm
July 3 - August 15, 2018
