Assignments:

Three assignments (listed above) account for a total of 40% of your grade. Specific details and expectations will be distributed in class, closer to the due dates. Several criteria can’t help but influence the quality of your assignments. Therefore, before handing in your assignments, ask yourself the following questions:

- Have you researched your answer, using journal articles, scholarly sources, and reputable online sites?
- Have you included relevant quotes and/or statistics to substantiate your position, and embedded your sources within the text?
- Have you cited all sources in a standardized bibliographic format? See the *Owl Online Writing Lab* for detailed instructions on how to properly cite and list references according to APA 6th Edition: https://owl.english.purdue.edu/owl/resource/560/01/
- Have you answered the question(s) in a thorough and systematic way?
- Have you followed the instructions?
- Have you checked your answer for spelling mistakes and grammatical errors? Have you attempted to improve your style and polish your prose? To these ends, please assimilate the advice of William Strunk, Jr. in The Elements of Style: http://www.gutenberg.org/files/37134/37134-h/37134-h.htm#Rule_14
- Have you tried to go above and beyond the stated expectations?

Students are urged to adhere to the maximum word and/or page limit. Your bibliography/reference list is not included in the page limit.

All assignments must be submitted in a standardized 12-point font (e.g., Times New Roman, Cambria, Calibri or Arial), double-spaced, with 1-inch margins. 
NB Include your name, student number, date, and descriptive title somewhere in the header of your document.

Assignments will generally be received electronically through cuLearn. Late assignments will be accepted without penalty if accompanied by a doctor’s note. Otherwise, if you are late for a due date, hand the assignment in the following week for partial marks. You will be penalized for late submissions.

While you are encouraged to work cooperatively with your peers, identical assignments will be considered grounds for an allegation of Instructional Offense. Work submitted must be in your own words. Any reference to the work of others should be carefully acknowledged with full credit given to the source.

**Final Project:**

Representing 40% of your total grade, there will be a final project around a theme related to the course (but negotiated with the instructor). There will be some flexibility, so students will be able to work independently or in groups, as desired. This project might entail original research (data collection), synthesis, and audio-visual and written communication in the form of a mixed-media product.

**Participation**

Representing 20% of your total grade, your participation will be evaluated as follows:

- **Attendance** (a simple tally of the number of classes attended); multiplied by…
- **Participation** (a qualitative assessment of your contribution to class)

NB in an upper-year, seminar setting, it is imperative that students complete the assigned readings prior to class; attend all classes; engage positively and respectfully in class discussions and group work; raise questions; complete voluntary activities when requested; bring in relevant materials to share with peers; and maintain their personal integrity and academic honesty throughout.
Deferred Assignments

Only official deferrals petitioned through the Office of the Registrar will be honored. Students who are unable to complete an assignment or final project because of illness or other circumstances beyond their control, may apply within five working days to the Registrarial Services Office for permission to extend a deadline or to write a deferred examination. Permission can be granted only if the request is fully and specifically supported by a medical certificate or other relevant documents.
