EDUCATION

Ph.D. in Psychology, Washington University in Saint Louis, 2002

Dissertation Title: The influence of state and trait emotion on sensitivity and bias in affect-congruent perception
(Chair: Randy Larsen)

M.A. in Psychology, University of Michigan, 1998

B.A. in Psychology (with honors), Northwestern University, 1996

ACADEMIC POSITIONS

Professor, Department of Psychology Carleton University, 2015-present (Assistant, 2002-07; Associate 2007-15)
Visiting Lecturer, Department of Psychology, University of Virginia (Semester at Sea), 2008

RESEARCH INTERESTS

Personality-Social Psychology: How personality, emotion, cognition, and behaviour combine 'in the moment' to produce happiness, especially in the domain of introversion-extraversion.

Environmental Psychology: Exploring nature and people's relationships with nature, especially the links with environmentally sustainable behaviour and well-being.

COURSES TAUGHT

Psychology of Personality
Personality Honours Seminar
Abnormal Psychology
Social Psychology
Motivation and Emotion

Positive Psychology (grad & undergrad)
Graduate Proseminar in Psychology
Contemporary Research in Personality (grad)
Open Science and Method Improvements (grad)

GRANT SUPPORT

Team Member. "Sustainable communities." Carleton Multidisciplinary Research Catalyst Fund, 2019-2020, \$30,000.

Team Member. "Workplace of the future." Carleton Multidisciplinary Research Catalyst Fund, 2019-2020, \$50,000.

Primary Investigator. "The effects of a short nature immersion on children's social and psychological well-being." Carleton University Psychology Research Fund. 2015. \$3,120.

Primary Investigator. "The effects of nature exposure and nature relatedness on environmentally sustainable decision making and behaviour," Social Sciences and Humanities Research Council of Canada, 2014-2019, \$191,734.

Primary Investigator. "The effects of nature exposure and nature relatedness on environmentally sustainable decision making and behaviour II," Carleton University. 2013-2014. \$5,000.

Primary Investigator. "The effects of nature exposure and nature relatedness on environmentally sustainable decision making and behaviour," Carleton University. 2012-2013. \$7,500.

Research Achievement Award, Carleton University, 2012, \$15,000.

Primary Investigator, "Exploring the causes and consequences of extraverted behavior: Implications for happiness," Social Sciences and Humanities Research Council of Canada, 2009-2012, \$99,050.

Primary Investigator, "Causes and consequences of extraversion II," Carleton University, 2008-2009, \$8,000.

Primary Investigator, "Causes and consequences of extraversion," Carleton University, 2007-2008, \$10,000.

Primary Investigator, "How emotion states and emotion-related traits influence perception of emotional information," Social Sciences and Humanities Research Council of Canada, 2003-2006, \$124,364.

Primary Investigator, "Personality and well-being: Establishment of the Carleton University Happiness Laboratory (CUHL)," Canada Foundation for Innovation (40%), Ontario Research Fund (40%), Carleton University & corporate contributions (20%), 2004, \$474,067.
