

External to department electives approval form for HSTP graduate students

This form must be completed in order for you to be granted approval to take an elective external to the Department of Health Sciences for your HSTP programme. Submit the completed form and accompanying documents via email to the Graduate Advisor, Health Sciences.

We strongly encourage you to seek advice or guidance on suitable electives well in advance from the Graduate Advisor or faculty in Health Sciences.

Do not leave submitting this form to the last minute — late requests will not be prioritised. Note it may take a minimum of 2 to 3 business days to review and approve the electives request. As part of the review process we may need to follow up with you and the course instructor. Further, after departmental approval, you may need to obtain additional signatures and/or overrides and/or other approvals, including from authorities in the department/institution hosting the course. Approvals are granted on an individual basis.

With this form you must include:

- the full course outline *and*
- evaluation criteria (typically included in the course outline but may be an additional document) for the proposed elective. Contact the instructor of the course and ask for these materials.

You must also determine with the host department and/or instructor:

- whether you have the prerequisites/background to take the course *and*
- if there is enough space for you to enrol in the course (some courses are prioritised for graduate students in specific programmes and thus, enrolment may be capped)
