Dear Mme. Swiebocka,

Only a few days ago I walked into a bookstore and picked up the book "Auschwitz - A History in Photographs". Leafing through the book I discovered on page 105 (item 96) a photo of myself. I am sure you can imagine the shock after 49 years to discover the existence of this record.

Please let me know if you are aware of any additional information that may be either available to you or that you may know of.

I would be interested in additional photographs and also the film; "Liberation of Auschwitz".

I am very much interested in Holocaust education and would like to express my appreciation for your work in general and in particular in the publication of this valuable document.

Please let me know if I can provide you with any information that you may be looking for to complete your records.

Yours truly,
