

Have you submitted all of your 2021 claims yet?

Did you know that every new year, a great number of your benefit maximums, as well as your deductibles, start over? While it's easy to look forward to the year ahead, don't forget to submit your leftover claims from 2021!

You can confirm coverage and submit expenses online directly on your *My Canada Life at Work* profile. With the *eClaims* feature, you can also complete coordination of your benefits at the same time. Expenses older than 12 months, or those not listed within the *eClaims* menu can still be submitted to Canada Life through the *upload documents* feature. Get claiming!
