

## Evidence-based actions for protection of physical safety

In a work environment with positive protection of physical safety, it is important that the appropriate actions are taken to protect all employees against injury and illness.

Locate the article *Evidence-based actions for protection of physical safety* on Canada Life's *Workplace Strategies for Mental Health*\* site today to learn about actions and responses that can be implemented to ensure employees have what they need to do their jobs safely. The article includes sections on:

- How to ensure the organization demonstrates that employee health and safety is a priority;
- How to regularly maintain and communicate up-to-date safety regulations; and
- How to maintain work-scheduling practices that support health and safety.
