

## Opting out of RAMQ

Retirement Date: \_\_\_\_\_

Residents of Quebec are automatically registered for prescription drug coverage under the RAMQ public plan when they turn 65. Residents may instead choose to opt-out of RAMQ, choosing the Carleton group benefits plan to be the only payer for drug coverage.

If you choose to opt-out of the RAMQ drug plan, you may continue coverage under your currently Carleton group benefit plan, with the following additional monthly premiums paid by you:

Additional premiums for coverage if you opt out of RAMQ:

Single coverage - \$200.00

Family coverage - \$400

*(premium subject to change)*

**I have chosen to opt out of RAMQ** and will pay the additional monthly premiums and I have attached a void cheque from the bank account to be used for direct withdrawal of the premiums.

**I have chosen to remain in RAMQ** while also continuing coverage with the Carleton group benefits plan. I understand the RAMQ will be the first payor for drug coverage. The Carleton group benefits plan will be the second payor (any eligible drug expense not covered by RAMQ may be submitted to Canada Life)
