Access to Documents

You have the right, upon request, to obtain a copy of the policy, your application and any written statements or other records you have provided to Canada Life as evidence of insurability, subject to certain limitations.

Legal Actions

Insured benefits

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Insurance Act* (for actions or proceedings governed by the laws of Alberta and British Columbia), *The Insurance Act* (for actions or proceedings governed by the laws of Manitoba), the *Limitations Act, 2002* (for actions or proceedings governed by the laws of Ontario), or other applicable legislation. For those actions or proceedings governed by the laws of Quebec, the prescriptive period is set out in the Quebec Civil Code.

Non-insured benefits

No legal action to recover non-insured benefits under this plan can be introduced for 60 days after notice of claim is submitted, or more than two years after a benefit has been denied.

Appeals

Insured benefits

You have the right to appeal a denial of all or part of the insurance or benefits described in the contract as long as you do so within one year of the initial denial of the insurance or a benefit. An appeal must be in writing and must include your reasons for believing the denial to be incorrect.

Non-insured benefits

You have the right to appeal a denial of all or part of the coverage or benefits described in this plan as long as you do so within two years after the denial. An appeal must be in writing and must include your reasons for believing the denial to be incorrect.

Benefit Limitation for Overpayment

Insured benefits

If benefits are paid that were not payable under the policy, you are responsible for repayment within 30 days after Canada Life sends you a notice of the overpayment, or within a longer period if agreed to in writing by Canada Life. If you fail to fulfil this responsibility, no further benefits are payable under the policy until the overpayment is recovered. This does not limit Canada Life's right to use other legal means to recover the overpayment.

Non-insured benefits

If benefits are overpaid you are responsible for repayment within six months, or within a longer period if agreed to by your employer. If you fail to fulfil this responsibility, further benefits will be withheld until the overpayment is recovered. This does not limit your employer's right to use other legal means to recover the overpayment.

Quebec Time Limit for the Payment of Benefits

Where Quebec law applies, benefits will be paid in accordance with the terms set out in this plan within 60 days following receipt of the required proof of claim.

Employer Role

For insured benefits, the employer's role is limited to providing employees with information and not advice.

Notice of Liability for Benefits

Your employer has entered into an agreement with The Canada Life Assurance Company whereby the Healthcare (except Global Medical Assistance) benefits outlined in this booklet are uninsured and your employer has liability for them.

This means that the Healthcare (except Global Medical Assistance) benefits are:

- an unsecured financial obligation and are payable from your employer's net income, retained earnings or other financial resources; and
- not underwritten by a licensed insurer or regulated insurer.

All claims will, however, be processed by Canada Life.

If British Columbia law applies, the giving of this notice exempts your employer from the requirements under the Financial Institutions Act (British Columbia).

If Quebec law applies, any uninsured benefit is not under the supervision and control of the Autorité des marchés financiers.

COMMENCEMENT AND TERMINATION OF COVERAGE

You are eligible to participate in the plan on the date your retirement begins providing you are at least age 55, you have completed at least 5 years of service with your employer and you were covered under your employer's regular group health plan on the day immediately preceding your retirement.

- You and your dependents will be covered as soon as you become eligible.

You may waive health coverage if you are already covered for this benefit under your spouse's plan. If you lose spousal coverage you must apply for coverage under this plan. If you do not apply within 31 days of loss of such coverage, or you were previously declined for coverage by Canada Life, you and your dependents may be required to provide evidence of good health acceptable to Canada Life to be covered for health benefits.

Your coverage terminates when you are no longer eligible or the plan terminates, whichever is earlier.

- Your dependents' coverage terminates when your coverage terminates or your dependent no longer qualifies, whichever is earlier.
- When your coverage terminates, you may be entitled to an extension of benefits under the plan. See your employer for details.

Survivor Benefits

If you die while your coverage is still in force, the health benefits for your dependents will be continued until the end of the month in which they cease to be qualified dependents, or the due date of the first payment to which they have not made a required contribution for survivor coverage, whichever happens first.

DEPENDENT COVERAGE

Dependent means:

- Your spouse, legal or common-law.

A common-law spouse is a person who has been living with you in a conjugal relationship for at least 12 months or, if you are a Quebec resident, until the earlier birth or adoption of a child of the relationship.

- Your unmarried natural, adopted, foster or step-child, including any natural child of an unmarried minor dependent and any other unmarried child for whom you have been appointed legal guardian for all purposes by a court of competent jurisdiction, under age 21, or under age 25 if they are full-time students.

Note: If you are a Quebec resident, full-time students are covered for prescription drug benefits until age 26.

Children under age 21 are not covered if they are working more than 30 hours a week, unless they are full-time students.

Children who are incapable of supporting themselves because of physical or mental disorder are covered without age limit if the disorder begins before they turn 21, or while they are students under 25, and the disorder has been continuous since that time.

BENEFICIARY DESIGNATION

You may make, alter, or revoke a designation of beneficiary as permitted by law. Any designation of beneficiary you made under your employer's previous policy prior to the effective date of this policy applies to this policy until you make a change to that designation. You should review your beneficiary designation from time to time to ensure that it reflects your current intentions. You may change the designation by completing a form available from your employer.

HEALTHCARE

A deductible may be applied before you are reimbursed. All expenses will be reimbursed at the level shown in the **Benefit Summary**. Benefits may be subject to plan maximums and frequency limits. Check the **Benefit Summary** for this information.

The plan covers customary charges for the following services and supplies. All covered services and supplies must represent reasonable treatment. Treatment is considered reasonable if it is accepted by the Canadian medical profession, it is proven to be effective, and it is of a form, intensity, frequency and duration essential to diagnosis or management of the disease or injury.

Covered Expenses

- Ambulance, including air ambulance when provided by a licensed ambulance company. Transportation to the nearest centre where adequate treatment is available, from one treatment centre to another on the recommendation of the attending physician, or from a treatment centre to the patient's residence on the recommendation of the attending physician

If the services of a registered nurse are required during an air ambulance flight, nursing services and return air fare for the registered nurse are also covered.

- Hospital or home nursing care if it represents acute or convalescent care.

Acute care is active intervention required to diagnose or manage a condition that would otherwise deteriorate.

Convalescent care is active treatment or rehabilitation for a condition that will significantly improve as a result of the care and follows a 3-day confinement for acute care.

- Preferred accommodation in a hospital, excluding chronic care, long term care and palliative care, when provided in Canada.

For hospital accommodation, the plan covers the difference between the hospital's semi-private and standard ward rates.

For out-of-province hospital accommodation, any difference between the hospital's semi-private rate and the government authorized allowance in the person's home province is also covered.

The plan also covers the hospital facility fee related to dental surgery and any out-of-province hospital out-patient charges not covered by the government health plan in the person's home province.

Limitation

Residences established primarily for senior citizens or which provide personal rather than medical care are not covered.

- The plan covers home nursing services of a registered nurse, a registered practical nurse if the person is a resident of Ontario or a licensed practical nurse if the person is a resident of any other province, when services are provided in Canada.

Nursing care is care that requires the skills and training of a professional nurse, and is provided by a professional nurse who is not a member of the patient's family.

You should apply for a pre-care assessment before home nursing begins.

- Drugs and drug supplies described below when prescribed by a physician or other person entitled by law to prescribe them, and provided in Canada. Benefits for drug expenses provided outside Canada are payable only as provided under the out-of-country emergency care provision.
 - Drugs which require a written prescription according to the Food and Drugs Act, Canada or provincial legislation in effect where the drug is dispensed, including oral contraceptives

 - Extemporaneous preparations or compounds if one of the ingredients is a covered drug
 - Fertility drugs

For drugs eligible under a provincial drug plan, coverage is limited to the deductible amount and coinsurance you are required to pay under that plan.

 - continuous positive airway pressure machines (CPAP), automatically-adjusting positive airway pressure machines (APAP), bilevel positive airway pressure machines (BiPAP) and variable positive airway pressure machines (VPAP) combined to one device every 5 years. How to Make a Claim

- **Out-of-country claims (including those for Global Medical Assistance expenses)** should be submitted to Canada Life as soon as possible after the expense is incurred. It is very important that you send your claims to the Canada Life Out-of-Country Claims Department immediately as your Provincial or Territorial Medical Plan has very strict time limitations.

Access My Canada Life at Work to obtain a personalized claim form or obtain form M5432 (Statement of Claim Out-of-Country Expenses form) from your employer. You must also obtain the Government Assignment form, and residents of British Columbia, Quebec and Newfoundland & Labrador must also obtain the Special Government Claim form. The Canada Life Out-of-Country Claims Department will forward the appropriate government forms to your attention when required.

You should complete all applicable forms, making sure all required information is included. Attach all original receipts and forward the claim to the Canada Life Out-of-Country Claims Department. Be sure to keep a copy for your own records. The plan will pay all eligible claims including your Provincial or Territorial Medical Plan portion. Your Provincial or Territorial Medical Plan will then reimburse the plan for the government's share of the expenses.

Out-of-country claims must be submitted within a certain time period that varies by province or territory. For the claims submission period applicable in your province or territory or for any other questions or for assistance in completing any of the forms, please contact Canada Life's Out-of-Country Claims Department at 1-800-957-9777.

- **You may submit all Healthcare claims online.** To use this online service you will need to be registered for My Canada Life at Work and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online.

Online claims must be submitted to Canada Life as soon as possible, but no later than 12 months after you incur the expense.

You must retain your receipt for 12 months from the date you submit your claim to Canada Life as a record of the transaction, and you must submit it to Canada Life on request.

- **We also accept paper claims for all Healthcare expenses.** Access My Canada Life at Work to obtain a personalized claim form or obtain form M635D from your employer. Complete this form making sure it shows all required information.

Attach your receipts to the claim form and return it to the Canada Life Benefit Payment Office as soon as possible, but no later than 18 months after you incur the expense.

- **For drug claims,** your employer will provide you with a prescription drug identification card. Present your card to the pharmacist with your prescription.

Before your prescription is filled, an Assure Claims check will be done. Assure Claims is a series of seven checks that are electronically done on your drug claim history for increased safety and compliance monitoring. This has been designed to improve the health and quality of life for you and your dependents. Checks done include drug interaction, therapeutic duplication and duration of therapy, allowing the pharmacist to react prior to the drug being dispensed. Depending on the outcome of the checks, the pharmacist may refuse to dispense the prescribed drug.

COORDINATION OF BENEFITS

- Benefits for you or a dependent will be directly reduced by any amount payable under a government plan. If you or a dependent are entitled to benefits for the same expenses under another group plan or as both an employee and dependent under this plan or as a dependent of both parents under this plan, benefits will be co-ordinated so that the total benefits from all plans will not exceed expenses.
- You and your spouse should first submit your own claims through your own group plan. Claims for dependent children should be submitted to the plan of the parent who has the earlier birth date in the calendar year (the year of birth is not considered). If you are separated or divorced, the plan which will pay benefits for your children will be determined in the following order:
 1. the plan of the parent with custody of the child;
 2. the plan of the spouse of the parent with custody of the child;
 3. the plan of the parent without custody of the child;
 4. the plan of the spouse of the parent without custody of the child

You may submit a claim to the plan of the other spouse for any amount which is not paid by the first plan.
